VOL. LIV — OAKLAND, CALIFORNIA, TUESDAY EVENING, APRIL 30, 1901. — NO. 92

BURTCHAELL IS KNOCKED OUT.

Judge Greene Declares He Cannot Hold Office. — W. P. Courtney Will Retain Seat in the Council.

W. P. Courtney's appointment as Councilman-at-Large by Mayor Barstow was declared legal this morning by a decree in the Superior Court by Judge Greene.

The same decree declared that George T. Burtchaell, who claimed the seat and threatened to take possession of it, had no right to it because of ineligibility and at the same time it enjoined Burtchaell from acting as said Councilman-at-Large or interfering in any manner with Courtney in his performance of the duties of Councilman-at-Large of this city.

The decree was handed down in the case of Courtney vs. Burtchaell, in which the former sought to restrain Burtchaell from acting as Councilman-at-Large.

DEFENDANT ABSENT.

The plaintiff was represented by Attorneys George [illegible] and Fred C. Clift.

Burtchaell was not present in person, nor represented by counsel. He made no answer to the petition or complaint.

A trial by jury was waived.

City Clerk Rod Church read from the minutes of the Council showing that Burtchaell had appeared before the Council on the first afternoon meeting and demanded his seat in that body.

COURTNEY ON THE STAND.

Mr. De Golia asked Mr. Courtney what he had heard on the subject of Mr. Burtchaell intending to take his seat.

"I was told by an employe," said Mr. Courtney, "that Mr. Burtchaell intended to take his seat in the Council. That is why I got out an injunction to restrain him from doing anything to prevent me from acting as Councilman."

"Did you hear any talk on the streets that Mr. Burtchaell intended to take his seat in the Council?" asked De Golia.

"I heard," said Courtney, "rumors that were afloat to the effect that he would take his seat."

"Whom did you hear speak about it?" asked Judge Greene.

"I got it," replied Courtney, "from an employe of Mr. Burtchaell."

"What is his name?" asked the court.

"George Fitzgerald," was the answer.

"Is he here?" asked the judge.

Mr. De Golia admitted that Mr. Fitzgerald was not present, but that he would be sent for.

KIND OF EVIDENCE.

Judge Greene said that the evidence was only secondary in character and that they had better bring Fitzgerald into court to tell what he knew about the case.

A messenger was then dispatched to find Fitzgerald and bring him into court.

"What," asked the judge, "did Fitzgerald tell you?"

"He told me," said Courtney, "that Burtchaell had said that we had no right to act as Councilmen and that he was going to be present at the next meeting of the Council and prevent me from taking my seat there."

A LAW POINT.

Then the Court dropped into a consideration of the legal aspect of the case, concluding that inasmuch as Burtchaell had filed no answer in the case, it was to be construed that he intended to act as it had been stated he was going to act to prevent Courtney from taking his seat.

Mr. De Golia and Judge Clift declared that that was the view they took of the case, whereupon Judge Greene said that they might take their decree.

THE DECREE.

The effect of this decree is told in the following:

"That at the municipal election held in the city of Oakland on March 11, 1901, said defendant George T. Burtchaell was not elected to the office of Councilman-at-large of the city of Oakland and that the action of the City Council of said city had been taken on March 19, 1901, declaring said Burtchaell duly elected to the office of Councilman-at-large of said city was null and void and that the certificate of election thereafter, to wit, March 31, 1901, issued by the City Clerk of said city of Oakland to said Burtchaell, declaring him said Burtchaell elected to said office of Councilman-at-large of said city was null and void.

"That on April 1, 1901, there was a vacancy in the office of member of the Council of the city of Oakland at large.

"That thereafter and on to wit, April 1, 1901, Anson Barstow was then and duly elected, qualified and acting Mayor of said city of Oakland did appoint plaintiff to fill the vacancy in the office of Councilman-at-large of said city and that plaintiff did thereupon qualify as such Councilman-at-large, and entered upon the duties of his office as such, on said April 1, 1901, and is now in possession of said public office and is entitled to hold said office by virtue of said appointment so made as aforesaid.

BURTCHAELL TO DELIVER.

"That said Burtchaell be and he is hereby ordered to deliver to the City Clerk of said city the said certificate of election so issued to him as aforesaid to have the same cancelled and that said Burtchaell is not entitled to hold or exercise any of the duties of or receive any of the honors or emoluments of said office of Councilman-at-large of the city of Oakland and that said Burtchaell is hereby enjoined and prohibited from doing any act or proceeding attempting to interfere with or interfering with said plaintiff in the exercise of the duties of said office of plaintiff or in any way attempting to exercise the duties or receive the honors or emoluments of the office of Councilman-at-large of the said city as against plaintiff and the plaintiff have costs in this action incurred taxed at the sum of $—.

"Done in open court this 30th day of April, 1901."

The decree was signed by Judge Greene and soon as it was handed to counsel all the parties in interest left the court and Mr. Courtney was congratulated on the clear title which he had secured to his seat.

The decree also dismisses the case as to the other Councilmen who were named as defendants, namely, B. C. Cuvellier, James J. Wallace, A. S. Ruch and George W. Dornin.

PRESIDENT GREETED ON ALL SIDES.

Train Running Along on Schedule Time.

Associated Press Dispatches by The Tribune's Special Leased Wire.

DECATUR, Ala., April 30.—All the steam whistles screamed a greeting at Decatur, the home of General Joe Wheeler, as the President's train entered the city and the fellow townsmen of the redoubtable old veteran gave the Executive a particularly enthusiastic reception. Two immense American and confederate flags hung above the depot platform.

RIGHT ON TIME.

STEVENSON, Ala., April 30.—The Presidential train arrived at Stevenson at 7:10 o'clock this morning on schedule time. At almost every station passed during the night crowds of people who had remained up to see the Presidential special cheered the train as it sped by. Several hundred people were at the station at Stevenson despite the early hour. The President who had already arisen appeared and bowed his acknowledgements.

CROWDS AT STATION.

HUNTSVILLE, Ala., April 30.—The scenes attending the passage of the Presidential train along the route today were a repetition of those of yesterday. Crowds at every station cheered and waved to the passing train and every farmhouse and crossroads had its group of eager watchers. At Huntsville a stop of ten minutes was made. Apparently the entire population of the town turned out to welcome the President.

IN MISSISSIPPI.

CORINTH, Miss., April 30.—Between Decatur and Tuscombia the Presidential train was stopped to permit the party to be photographed. The operators at Decatur and Tuscomba had no been notified of the intended stop and when the train did not appear at Tuscomba on schedule time the operator there flashed the news along the line "President's train lost." The report even reached the home office in Washington. For several minutes the wires flashed messages back and forth as the officials were becoming alarmed over the whereabouts of the President. Finally the train appeared at Tuscombia and the operator reported it safe.

One of the pretty incidents of the stop at Decatur was the presentation on behalf of the ladies of Decatur of a loving cup and a basket of trout to Mrs. McKinley by Andrew and Miss Mary Price, two of her old school friends at Canton.

STREET CAR MEN MAY STRIKE.

Demand Their Rights From the Transit Company. — Meeting Is in Progress at Gier's Hall.

A meeting of motormen and conductors of the Oakland Transit Company is being held this afternoon in Gier's Hall. The purpose of the meeting as understood is to have the Company raise the wages of the employes to a minimum of 21 cents an hour, the same as is now being paid to the men on the Telegraph and San Pablo avenue lines.

A number of the men of the latter lines, it is said, have been induced to attend something which they have not done heretofore.

The men on the other lines of the Transit Company say they do not understand why for three years after entering the employ of the company they are obliged to work for a smaller wage per hour than do the men on the green and red lines.

The minimum now paid on Grove, Eighth, East Oakland, Alameda is 20 cents an hour, and it is claimed that unless the price be raised to 21 cents per hour that there will be a strike of the men.

The men however are not unanimous on this point because some of them want an equalized rate on all lines of 22 cents per hour.

SECRETARY CROSS.

Secretary Cross in the absence of Manager Kelly says he knows nothing about the matter.

BISHOP TO HOLD SEAT IN COUNCIL.

Smilie Cannot Use Any Force With Successor. — Judge Ellsworth Will Give Judgment for Bishop.

The question of confirming Councilman A. W. Bishop as the representative of the Fifth Ward in the City Council came up before Judge Ellsworth in the Superior Court this morning and was continued until tomorrow morning, the court stating that he did not think that in injunction proceedings he could determine the right as between two contestants to a seat in a public body.

Some time ago Bishop was appointed to the position in question by Mayor Barstow owing to the ineligibility of James Smilie, who had run at the election on March 11 for the place. After assuming the position Bishop got out an injunction restraining Smilie from interfering with him in his performance of the duties of the office.

In the proceedings today Bishop was represented by Attorneys De Golia and Clift.

Smilie was not represented. He had also failed to put in an answer, having allowed the case to go by default.

A. W. Bishop took the stand and testified that he had been a resident of the city for twenty-five years, had resided in the Fifth Ward for a long time and had been appointed Councilman from that ward by Mayor Barstow because of the ineligibility of James Smilie of that ward.

The court asked Mr. De Golia what he desired the court to do.

Mr. De Golia declared that he desired to have a decree depriving Smilie of any right to a seat in the Council because of ineligibility. He wanted Bishop decreed to be entitled to the seat and also to have Smilie enjoined from interfering with him (Bishop) in the discharge of his duties.

Judge Ellsworth said that he did not think that he had a right to decide as to Mr. Bishop's right to the seat and that all that he had the right to do was to restrain Smilie from interfering with Bishop while acting as Councilman from the Fifth Ward. He recognized that Mr. Bishop was Councilman de facto and that, under the circumstances, Smilie should be restrained from interfering with him. That would allow Smilie an opportunity, he said, of taking any legal course he might see fit to pursue to determine who was entitled to the office.

Mr. De Golia contended that this was [illegible] and that as there was no other remedy for Mr. Bishop the court could grant the request of the plaintiff. He quoted [illegible] case which had [illegible] the Supreme Court to show that the [illegible] should be granted.

Judge Ellsworth said that the decision had been handed down in a case where there was no other remedy. He said the case that was not such a case. There was another remedy for Mr. Bishop and that was a contest of Smilie's election.

Mr. De Golia said that at the time at which proceedings had been begun, Smilie had not received his certificate of election.

Judge Ellsworth said that the injunction to restrain Smilie from interfering with Bishop would act upon a man who had no title to the office as well as upon a man who had some title to it.

Counsel referred to another decision in a Sacramento case and it was later discovered that that case was not in equity.

The case was then continued until tomorrow morning at 10 o'clock.

ENGAGEMENT OF MISS MORRISON ANNOUNCED.

An engagement which proved a great surprise to the young people in the leading social set is being announced this afternoon. The engagement is that of Miss Merle Morrison of this city and Mr. Stuart Smith of San Francisco.

The engagement is being announced this afternoon at a large tea, given from 4 to 6, to the young girl friends of Miss Morrison at her home on Summit street.

Miss Merle Morrison is the eldest daughter of Mr. and Mrs. Edwin Morrison, and is well known in social circles. She is one of the attractive young girls of her set and is very pleasing in her manners. She is also very accomplished, being one of the most brilliant pianists in the city and a very prominent member of the fashionable Wednesday Morning Musical Club of this city.

She has been one of the notable performers at musical recitals given by the club.

Mr. Stuart Smith is one of the successful employes of Wells, Fargo & Co.'s Bank of San Francisco. He is widely and favorably known in social circles on both sides of the bay, having achieved his business success by his own efforts.

The announcement of the engagement this afternoon comes in the way of a very pleasant surprise to the many friends of the young people.

The "at home" at the Morrison residence on Summit street is being largely attended this afternoon though the list of invited guests includes only Miss Morrison's young girl friends.

She is assisted in receiving by sixteen of her friends, who this evening will be her guests at dinner.

No date has been set for the wedding, but it will probably be one of the leading social affairs of next winter.

KIDNAPER WANTS TO MAKE DEAL.

Offers to Give Cudahy Back Part of the Money.

Associated Press Dispatches by The Tribune's Special Leased Wire.

OMAHA, April 30.—An agent of the kidnapers has made a proposition to Edwin A. Cudahy to return $21,000 of the money paid for his son's ransom, demanding in return a withdrawal of the $25,000 reward and a cessation of the search that is being prosecuted, together with an abandonment of the determination to punish the criminals. The proposition came in a letter from Elgin, Ill. Mr. Cudahy is convinced of its authenticity. He went to Chicago ten days ago because of it, being summoned there by his brother in response to overtures that had been made. He refused to consider the offer for a minute and declared his unchanged resolve to prosecute to the end the search for the men who stole his boy.

COLLAPSE OF FILIPINO REBELLION.

General MacArthur Sends Good News to Washington.

Associated Press Dispatches by The Tribune's Special Leased Wire.

WASHINGTON, April 30.—Two important telegrams were received today at the War Department from General MacArthur at Manila. In the opinion of the officials the news contained in them mark the almost complete collapse of organized rebellion in the Philippines. The cablegrams are as follows:

"General Tinio surrendered with his command today at Sinait. He will deliver all men and guns in his command as soon as they can be gathered together. This completely pacifies the first department, Northern Luzon, for many months the worst in Luzon.

"Colonels Cipmanio Calloa and Gregorio Katibac, Malvars, best officers, surrendered to Colonel Kline at Lipa on April 28th with twenty-three officers, 108 men and eighty-six rifles."

Tinio is said here to have been with Alejandrino, one of the highest officers in the insurrectionary force. He was in command in North Luzon during the famous chase after Commander Gillmore.

Malvars, whose colonels surrendered to Kline, was also one of the best known Filipino leaders. He was Lawton's most formidable foe and commanded the insurrectos at the fight at Zapote River, the most serious battle fought in the Philippines. He has confined his operations to Southern Luzon, which never has been completely subjugated, and Lipa, where the surrender occurred, has long been one of the principal insurgent arsenals.

It is said at the War Department by officers recently from the Philippines that there now remains in the field in Luzon only one chief whom they are probably desirous of capturing, namely Cailles, the head hunter. This man has violated every rule of warfare, and it is not expected that he will be taken alive.

Later the following cable message dated today at Manila was received from General MacArthur announcing several other important surrenders in the Philippines:

"Juan and Blas Villamos, leaders of Abra, surrendered at Bangued, April 27th, now engaged assembling scattered commands, delivered arms. Aglipay, ex-President, leader Ilocos Norte Province, Luzon, surrendered at Laoag, April 28th."

SCANDALS EXPOSED IN MANILA.

Barry Baldwin Asks Protection of the Court.

Associated Press Dispatches by The Tribune Special Leased Wire.

MANILA, April 30, 5 p. m.—The trial of Captain James C. Reed, ex-depot commissary at Manila, charged with soliciting and receiving bribes and with other official misconduct, which began yesterday, was continued today and was fiercely contested.

Thomas Harries, a bookkeeper of the firm of Robinson and Macondray, testified that Mr. Robinson paid Captain Reed $881. The firm's books contained entries to that effect.

Fred Macondray testified that he arranged to give to Captain Reed 10 per cent commission on sales of vegetables furnished to transports.

Before testifying, Barry Baldwin, formerly United States Marshal for California and now manager of the Macondray Company, made a statement to the court. He said that attempts have been made to intimidate him and he asked for the protection of the court.

Mr. Baldwin testified to having a $220,000 beef contract. Captain Reed came to his office, and claimed there were slight shortages in the beef deliveries on account of which Mr. Baldwin gave Captain Reed $345.

Adjutant General Garlington testified that Captain Reed said Major Davis was short 14,700 pounds of beef. He admitted receiving money from Mr. Baldwin but said the sum he received would be applied to the beef shortage.

WEATHER REPORT FROM SOUTH.

Report From Los Angeles Predicts Good Times.

LOS ANGELES, April 30.—Following is the Weather Bureau's weekly crop and climate bulletin for Southern California for the week ending April 29th:

Cool dry weather continued with foggy mornings in most sections and some cloudiness. These conditions were favorable for grain filling and produced no marked effect upon fruits and vegetables which are in fair supply and of good quality.

Bean land is ready for planting in some localities while in others farmers are waiting for rain before commencing to prepare soil for corn and beans.

Haying continues, the early sown barley made from fair to good crops but the late sown is light. Some farmers have stacked their hay to keep it from wetting in case of rain. The rain which began last night subsequent to the Weather Bureau's country advices has been amply prognosticated and, as indicated in the latter portion of the bulletin, many farmers have taken warning and stacked their hay. In places where this has not been done considerable damage to the hay will result.

CENTER OF POPULATION.

WASHINGTON, April 30.—The Census Bureau today issued a bulletin announcing that the center of population of the United States, excluding Alaska and recent territorial accessions, on June 1st last was six miles southeast of Columbus, Bartholomew county, in Southern Indiana.

BURLINGTON DEAL IS GIVEN OUT.

Associated Press Dispatches by The Tribune's Special Leased Wire.

BOSTON, April 30.—The official circular issued by the directors of the Chicago, Burlington and Quincy, making announcement of details of the offer of the Northern Pacific and Great Northern Companies to purchase the capital stock of the Burlington road, was mailed to stockholders today. The circular is an amplification of facts previously made known concerning the deal. Besides the offer to purchase the Burlington stock on the basis of $200 in bonds for $100 in stocks, the circular says that the bonds are to be the joint obligation of the Northern Pacific and of the Great Northern Company. Such stockholders as desire a part payment of cash will receive $160 in bonds and $40 in cash.

FATHER MUST PAY DAUGHTER.

W. F. Hamilton Must Make Good His Loss.

W. T. Hamilton must repay his daughter, Elizabeth Hamilton, in full for the money he lost for her while acting as her guardian. This is the decision of Judge Ogden in the contest brought by the daughter opposing the final account of her estate filed by her father.

The account showed that Hamilton had invested and lost almost all of the money he had received on behalf of his daughter. Miss Hamilton, who has just become of age, refused to stand the loss and sought the aid of the court to compel her father to repay her in full for the money he had lost.

Hamilton attempted to show that he had paid money for his daughter's board and had given her some furniture and a piano in payment of what he owed her.

Miss Hamilton testified that she had refused to accept the furniture. As to the piano, that was the property of Hamilton's sister, Belle Hamilton, who was an inmate of the Stockton Insane Asylum.

Hamilton admitted that he had not any authority from the court to invest his daughter's money. Judge Ogden decided that Hamilton must pay his daughter $...

SMASHER AT WORK IN PALM GARDEN.

Imbued with a Carrie Nation destructiveness, superinduced by imbibing large quantities of spiritous liquors, Thomas Clear, a young man about town, succeeded fairly well in smashing the Palm Garden saloon on Twelfth street, between Broadway and Washington.

Something about the place that recently fell into the hands of a receiver did not suit young Clear. He claimed the saloon was responsible for his condition, and, picking up a chair, he smashed glasses, bottles, furniture and chandeliers, until a considerable amount of damage had wreaked and Policeman Turner hove in sight to quell the boisterous conduct of the obstreperous Clear.

He was bundled to the City Prison where a plain charge of drunk was registered opposite his name, and in the Police Court this morning, Clear pleaded guilty and was sentenced to pay a fine of $6 or serve 3 days in the City Prison.

But that is not the end. Clear will have a bill of damages to pay and may have to answer to further charges.

TROUBLES OF A CENSUS MARSHAL.

A deputy census marshal's lot is not a happy one, and that of Rex Goodcell is no exception to the rule. Rex's troubles have multiplied beyond computation since he started out with book and pencil to ascertain the number of children in various domiciles.

Last year Rex bore the brunt of being joshed because he had called at the headquarters of the Ebell Society asking for the number of children of school age.

Yesterday an Irish lady poked her fist, covered with soap suds, into his face when he asked her the number of her daughters, and the woman blandly suggested that "There be no use in yez comin' here to spark me gurls, you bet thot ain't." It took Rex twenty minutes to get the desired data.

Later in the day Rex called at a house on Telegraph avenue. A bull dog answered his rap at the half-open front door, and Rex not only secured no data at this house, but came very near losing all data gathered during the day. The ferocious canine had sprung at Rex and clenching the field book firmly between his teeth made away with it. The book was afterward recovered through the cook, who had bribed the bull dog away with a porter house steak in order to induce him to give up the record.

And yet Rex says census marshaling is no dream.

WILL ABOLISH THE CENTRAL HIGH.

The Central High school is doomed to be reduced to its former status—that of the Central grammar school.

This was practically decided at an executive session of the City Council, held last night after adjournment of Committee of the Whole.

The question of whether the city would not find its finances in worse straits by appropriating $4,200 to the High school fund to pay the teachers' salaries for March and April was first discussed, and while it was generally conceded that the teachers ought of right to be paid for services rendered, it was the consensus of opinion that the Central High ought to be abolished.

FINES AND FORFEITURES IN THE POLICE COURT.

Of the $842 fines imposed in the Police Court during April, $826 was collected from fines and forfeitures and this was turned into the city treasury today by Police Court Clerk Hennessey. Under the new law all fines imposed for other than violations of ordinances go to the county treasury, and there was but $16 to be so turned into the county's strong box.

ARRESTED FOR A COLLISION.

Sera Patavero, driving a peddler's wagon, drove his vehicle against the rear wheel of a buggy driven by George Sturtevant, formerly a deputy County Clerk of this county. Patavero was arrested and charged with malicious mischief. Bail was fixed at $5. Patavero had only $4.75, and Sturtevant put up 25 cents to make the full sum. At first he agreed to do this on the condition that he could obtain $4 of the bail money to pay for the damage done his wheel.

DO NOT FORGET THE AFFLICTED.

Let the Asylum Children See the President.

The contemplated change in the program for President McKinley's Alameda county visit whereby the Deaf, Dumb and Blind Asylum is to be left off the itinerary will be a great disappointment to the officers and inmates of that institution. If possible the original plan should be adhered to and the inmates of the asylum given an opportunity to see the President. They are not so fortunate as other people, and the Committee of Arrangements should take cognizance of this phase of the matter and give them some consideration.

It would not be so bad if Superintendent Wilkinson had not informed his charges that the President would visit the asylum, and had perfected arrangements to have the buildings decorated and the grounds put in holiday attire. The inmates were delighted at the prospect, and threw themselves into the work of decorating to receive the Chief Executive with great enthusiasm. It will be a bitter disappointment to them if the President does not come after all. Superintendent Wilkinson feels the contemplated change very keenly, and is exceedingly anxious to have the original program carried out so far as his institution is concerned.

If the change is not made Mr. McKinley will be the first President to visit California and not see the asylum. President Hayes visited it, and so did President Harrison. It is worthy of a visit, and it will not take ten minutes of extra time. If it can be managed the committee should have the President driven through the asylum grounds so that the inmates can get a sight of him.

ALAMEDA MILKMAN WANTS DAMAGES.

ALAMEDA, April 30.—Antone Gonzalves has filed an amended complaint in his suit to recover $1,120 damages from the Board of Health of Alameda. In 1898 Gonzalves owned three cows and sold the milk. He says he was earning $55 a month. Two of his cows were condemned by the Board of Health and destroyed on account of being infected with tuberculosis, and Gonzalves' license to sell milk was revoked. Later Gonzalves was arrested for selling milk without a license. He asks $120 for the loss of his cows and $1,000 for his imprisonment and loss to his business.

JONAS CLOTHING CO. WILL DECORATE STORE

The well known firm of A. Jonas & Co., the Broadway clothiers, will decorate their store on McKinley Day. Through inadvertance the firm's name was left off the list yesterday. A. Jonas & Co. are always up to date and can be depended upon to do their share in the matter of helping Oakland along. They are active and progressive citizens.

HE WILL DIE ON THE GALLOWS.

LOS ANGELES, April 30.—Murderer E. V. Methever, who on July 25th, 1899, shot and killed Dorothy McKee, was re-sentenced in Judge Smith's department of the Superior Court and left for San Quentin at 11:40 A. M., in charge of Deputy Sheriff Smith. The date of his execution was not announced.

BLEW HEAD OFF.

ST. JOSEPH, Mo., April 30.—Guy Snelson blew off the top of Charles Moppin's head with a shotgun at Armour, this county, today. The boys were both 13 years old and cousins. Snelson says he did not know it was loaded.

LOST PROPERTY WHILE IN ALASKA.

Jason Smith has commenced suit against Minnie Bell Briggs and others to recover a piece of property at West Oakland which he mortgaged to J. R. Walker for $500 in August, 1897. He went to Alaska with the money. Having paid a year's interest on the mortgage. When the year expired Walker foreclosed the mortgage and the property was sold to Mrs. Briggs. The property is alleged to be worth $3,000. Smith wishes to redeem it by the payment of $705, which he alleges is the amount that should be due on the mortgage. His attorney is W. J. Donovan.

BIG DEAL IN RAILROAD STOCK

Over a Million Shares Passed This Afternoon.

Associated Press Dispatches by The Tribune Special Leased Wire.

NEW YORK, April 30.—A resistless tide of buying orders was poured into the stock market at the opening this morning, marking an additional stage in the progress of the speculative craze which seems to have seized upon the American people, and prices were swept upward throughout the list. Practically every important railroad stock "opened wide"—that is, the demand was so large and the buying orders were in the hands of so many brokers that widely different prices were made simultaneously for the same stock. The confusion and excitement was so great that the brokers were practically oblivious of everything but what was occurring between the two immediate parties to the transactions. Thousand share blocks seemed to be the normal unit of business and they ran up from that to 5,000 and 6,000 share blocks. The first recorded transactions in United States Steel, which were practically simultaneous with the fall of the chairman's gavel, were of 50,000 shares, the price ranging from 53 to 55, compared with 51 3-4 last night. Sales of Union Pacific were 30,000 shares; of Southern Pacific, 12,000, and of a long list of railroad stocks from 1,000 to 5,000 shares.

The dealings in the first hour were far in excess of any other hour in the history of the Exchange, the dealings running up to over 1,000,000 shares. For the second hour the total fell to near half a million, but left the two hours' business still a record, with sales of 1,584,600 shares.

CONGER'S PARTY ON THE WAY.

Associated Press Dispatches by The Tribune Special Leased Wire

DENVER, April 30.—Minister Conger and his party arrived here this morning. They were met at the depot by a reception committee and were escorted on a drive through the principal streets and a visit to the State House. After luncheon a public reception was held in the rotunda of the Brown Palace Hotel from 2 to 3 o'clock. Several organizations took part in the reception, among them being the Iowa Club of Denver. The Minister and party leave for Omaha at 4 P. M. in the private car of President Burt of the Union Pacific Railroad.

STOCKTON PLEASED WITH THE WEATHER.

STOCKTON, April 30.—The welcome storm continues in the form of intermittent showers, and the feeling of encouragement among the farmers is growing. The hope now is that the weather will turn off cool for a few days to prevent rust. In the summer fallowed lands the grain crop will be large, while the absence of three-fourths of an average crop will be maintained throughout the county. The acreage is smaller this year than last on account of the total destruction of the wheat crops through being washed out by high water. The island lands will give a big yield, and some of the unwatered overflowed lands will be planted to a late crop of barley.

BIG RUSH MADE FOR OIL CLAIMS.

OGDEN, Utah, April 30.—M. D. Leesinger, a prominent resident who has just returned from the oil region extending from Piedmont on the Union Pacific to north of Fossil on the Oregon Short Line, a distance of thirty-six miles, reports great excitement over the oil discoveries made near Piedmont and the surface oil wells or springs found around Fossil. California and Pennsylvania oil experts are on the ground and a great rush is being made to stake claims.

RAUER FAILS TO COLLECT HIS CLAIM.

J. J. Rauer, the collector, appeared before Judge Ellsworth this morning in an attempt to collect an assigned claim of $100 against the estate of the late Charles Brooke. He was seeking to recover the money from Lillian Brooke, who administered her late father's estate. The court held, however, that it was too late to try to collect the claim at this date.

READY FOR THE FIGHT.

SAN FRANCISCO, April 30.—The Post to-night says:

Champion Terry McGovern and battle-scarred Oscar Gardner are to settle their disputes and differences in the prize ring tonight.

The sporting element believes that there is scarcely room for a fake in this fight. If the fight is not absolutely on the square the game will get another setback here and Terry McGovern, with Sam Harris, his manager, and the retinue which follows him about, will go down to the graveyard of pugilism where so many fallen idols repose today.

After the McGovern-Gans fiasco in Chicago the little champion's reputation would be seriously impaired by another hippodrome, although he has been absolved from complicity in that farcical affair.

There is little or no enthusiasm over the main fight tonight. One of the men has already whipped the other and a repetition of the castigation is looked for by the wise ones. Yet there will be a throng at the pavilion. McGovern is almost as famous as was John L. in the palmy days of the heavyweight, and the people want to see the little fellow perform.

Harry Corbett is to referee the bout. He was chosen last night after Jim Kennedy of the Twentieth Century Club had overridden Harris' wish that Charley White be selected, and after all sides had agreed that Harry Corbett would be a fair and competent man.

White came here, as "The Post" originally asserted, with the full intention of refereeing this fight. He was Harris' man and Harris expected to be able to get him the appointment, but Jim Kennedy realized that public sentiment was against White, and he wisely insisted that a local man be chosen.

Harry Corbett is not a referee born or even cultivated, but he knows the game and ought to be able to rule fairly and to the satisfaction of all concerned.

FILIPINO CHIEF GIVES UP.

PRIEST SURRENDERS.

MANILA, April 30, 3 P. M.—The report that General Alejandrino has surrendered is confirmed. He was looked upon as the possible successor of Aguinaldo. Padro Aglipay, the excommunicated Filipino priest, who preached the doctrine of a holy war against the United States, has also surrendered.

The surrenders of Baldomiro, Aguinaldo and Pedro Aguinaldo, relatives of General Emilio Aguinaldo, are expected shortly.

LATER REPORT

General Tinio, with his entire command, surrendered April 29th to Captain Frederick V. Krug of the Twentieth Infantry, at Sinait, Province of South Ilocos.

CONTEST MADE FOR TWO MILLION.

Associated Press Dispatches by The Tribune's Special Leased Wire.

SAN FRANCISCO, April 30.—The long-expected litigation over the estate of the late Hyppolite Dutard came to an issue today, proceedings to contest the will having been filed in the Superior Court.

The contestant is Mrs. Theklay Dutard Kleinclaus of this city, a sister of the deceased. Through her attorneys she filed notice of contest, alleging that the will was executed in the last days of Dutard's life when his mind was weakened by illness. She asks to have the will set aside so that she may share in the estate.

Dutard died on April 5, 1900. His will was executed March 4th and the entire estate was bequeathed to the widow, Eliza Dutard. It was valued at about $2,500,000.

GENTLE RAIN IN THE STATE

Many Cities Report That Farmers are Happy.

Associated Press Dispatches by The Tribune's Special Leased Wire.

SANTA ROSA, April 30.—A heavy rain has been falling here for the past two days and while the sky gives some indication this morning of clearing, it is by no means certain that the storm is yet over.

RAIN AT MILTON.

MILTON, Cal., April 30.—Rain has been falling at intervals since Sunday night and all indications point to a continuation of the storm. The ground is being thoroughly soaked and while a small amount of damage may sustain to hay the result of the storm will in the main be beneficial.

GOOD FOR FARMERS.

SAN JOSE, April 30.—The storm continues, the fall for the past twenty-four hours amounting to .32 inches; for the storm 2.12 inches; for the season 23.80 inches. The farmers now say that while some hay will be spoiled the grain will be vastly benefitted, so that a good crop is now assured.

RAIN IN LOS ANGELES.

LOS ANGELES, April 30.—The gentle rain which began last night continued today. Half an inch has so far fallen, with the wind still from the southeast and indications for continued showers. The rain fall for the season is 14.68 inches against 6.09 to the same date last season.

RAIN IS OVER.

SAN DIEGO, April 30.—Local conditions indicate that the rainfall for this season is over. This means that the hay and grain crops in this county will not be more than ten per cent increase over last season.

AT SACRAMENTO.

SACRAMENTO, April 30.—The weather was showery here yesterday, last night and today. During the present storm Sacramento has had 1.62 inches of rain, making 19.32 inches for the season, against 17.36 inches to an equal date last season. The storm will do an immense amount of good to the hay and grain.

WILL KEEP SCHOOLS OPEN FOR THE TERM.

School Board Consults With Patrons of the Schools.

Mass Meeting Held in the Assembly Hall.

There is now a strong likelihood that the deficiency in the High School fund is of the city will be met and the schools kept open to the close of the term. Measures looking toward this end were adopted last evening at a joint meeting of the members of the City Board of Education and the parents of the children.

Three ways by which the financial difficulty may be partly met were decided upon and committees were appointed to see that the work is carried out. First, a resolution was adopted that the parents of the children and patrons of the schools generally be requested to contribute donations. Secondly, it was decided to appoint committees to solicit subscriptions from the various business houses, bankers, professional men and others willing to donate. Thirdly, it was decided to appoint committees to arrange benefit entertainments.

From these three sources, and possibly others, it is expected that the $10,000 necessary to keep the High schools open to the end of the term will be raised.

The meeting was held in the school assembly hall in the Chabot Observatory park. On motion of Hugh Craig, President C. H. Redington of the Board of Education was chosen chairman, and W. W. Garthwaite secretary of the meeting.

The hall was filled with a large and representative gathering of people and the enthusiasm for keeping the schools open ran high. The general sentiment seemed to be that the schools must not close before the end of the term.

Chairman Redington stated briefly the purpose of the meeting, saying that it was the intention to have the parents of the children confer with the members of the Board of Education and devise some means, if possible, of raising money sufficient to run the schools until the close of the term. At present, he said, the funds were exhausted and there was no money to pay the teachers.

GRAY PLACES THE BLAME.

Director Gray was called upon to state the condition of affairs more fully. He said in part:

"I suppose I have been called upon to state the situation, rather than to explain how the difficulty before us may be surmounted. To begin with, the City Council was asked for an appropriation of $68,000 to maintain the High Schools for the present year. No money was asked for the grammar schools. The Council knew that we would need $68,000, but granted us an appropriation of only $13,000. They told us then that when this money had been exhausted an appropriation from the general fund could be made. The old Council knew well when it granted the $13,000 that it would not be sufficient to maintain the schools and that a crisis would come. The crisis is now here. During the year by economy the Board has saved about $5,000. We need yet about $10,000. That we have not been able to get this money is not through the fault of the present Council, for the money was gone before that body went into office. You know the history of the city and what became of the money.

"I wish to answer the criticism that has been made that we have to maintain two High schools. I will state that the expense of maintaining the two High schools is not more than we have been expending in the maintenance of one High School and the grammar schools. We have always had an appropriation of about $60,000 for the High and grammar schools. They say that we are not authorized to maintain two High schools. In answering this, I will say that the one High school is imposed by the requirements of the State University. The final preparatory courses are given in this school. In the Central High School the first courses of this work are given. Pupils begin the High school work in the Central High School, and, if they find that they do not wish to carry their studies higher along certain lines, they may take up practical business and mechanical courses. The Central School acts as a sifter. If pupils do decide to pursue higher studies, such as higher history, Latin, Spanish, mathematics and other courses, they then go to the old school or High School proper. The fundamental purpose of the Central School is to fit pupils for business. It is not a High school nor a grammar school.

"The law provides that the expenses of the High school cannot be paid out of the State and county funds. They must be paid out of the city funds. Some of the critics say to turn the Central School back into a grammar school, but that cannot be done. Its courses are not those of a grammar school. The Charter authorizes the city to pay the expenses of the High School.

"The sum of $10,000 would enable all the pupils of the High and Central Schools to graduate. The teachers in these schools have been paid only up to last night. Now they are teaching for nothing. The $9,200 received from the Council has been entirely exhausted. It may be that many of the teachers would like to teach for love, but they cannot afford it."

CONSOLIDATE SCHOOLS.

It was suggested from the audience that the Central and High Schools might be consolidated.

Director Gray replied that it would be impracticable, stating that the High School teachers had all the work they could do at present and that they were receiving salaries of $1,140 a year, while those of the Central School were receiving only $1,200 a year. If the schools were consolidated the services of all of the teachers would be required and higher salaries would have to be paid the Central School teachers.

It was asked from the audience why the salaries of the Central School teachers had been raised.

"Because," explained Director Gray, "it requires a teacher of high ability and education to teach those classes. They must be University graduates and have had special preparation before they are eligible to teach. We found it very hard to secure capable teachers when the salary was $900. It is now $1,200. The increase amounts to only $2,700 a year, so it need not be considered as an important factor in causing the deficiency. The principal of the school receives a salary of $2,100. He has sixteen departments under him."

HUGH CRAIG SPEAKS.

Hugh Craig stated jocularly that he wished, if possible, to compel the people of the city of Oakland to pay the money necessary to keep the schools open. He said that he had been told by ex-Mayor Snow and ex-City Attorney Dow, when it was proposed to annex Golden Gate and part of Piedmont, that if the annexation took place, residents outside the annexed district could have the advantages of the High School without having to be assessed for the privilege. When he sent his daughter to the High School, however, he found that he had to pay $25 a term for the privilege. In conclusion, he said he would be willing to stand his proportion of any contribution necessary to keep the High School open.

McCLYMONDS TALKS.

Secretary J. W. McClymonds of the Board of Education was asked for a statement on the matter under discussion. He said in part:

"It is hardly necessary for me to enter into a discussion of what led to this financial difficulty, as that has already been stated. It is for us to devise some means to remedy the difficulty. It is necessary, as you would agree if you studied the matter, that the Central School be run to assist in the work of the High School. We are now in a financial difficulty. We are out of funds and there is nothing with which to pay the teachers. It would not be fair to ask the teachers to contribute one-sixth of their salaries to help us out of this trouble. They could not afford it. It remains for us to raise the money by some means. It is a very serious matter that we are now facing. This last month of school means more to the pupils than the actual time. It means the conclusion of their term's work and the graduation of many of them. It may mean serious changes in the careers of many of the pupils if they are not given an opportunity to finish this term's work."

COLONEL JOHN P. IRISH.

Colonel J. P. Irish asked if the Board had requested an appropriation sufficient to run the schools during the year.

Superintendent McClymonds replied that the Board had done so. Owing to the shortage, the Council had appropriated $13,000, with a guarantee of $15,000 more when funds were available. The Board could have squeezed through if this latter appropriation had been received. A large expense had come to the city, however, and there were no funds to be transferred.

FINANCIAL RESOLUTION.

As a solution of the financial difficulty Hugh Craig offered the following resolution for adoption:

"Whereas, There is a deficiency in the High School's fund rendering it impossible for the Board of Education to pay the teachers of these schools their salaries for maintaining school during the balance of the year, and

"Whereas, It will be very detrimental to our sons and daughters to be dismissed from school at this early period of the year, now therefore, be it

"Resolved, That we, the patrons of the schools affected by the aforesaid deficiency do hereby request the Board of education to transmit to the citizens and to the various patrons of the schools affected by this deficiency, a statement of the condition of the schools with a request that each contribute whatever assistance he or she may feel able to, to the end that the schools may be maintained for the balance of the term.

"Further, That no published list be made of these pledges."

Colonel Irish said that it should be understood that all contributions made for keeping the schools open should apply equally to all children. It should be understood that the children of parents unable to contribute, would not be excluded from the benefits of the schools.

PRESENT COUNCIL NOT RESPONSIBLE.

Continuing, Colonel Irish said: "I do not think the present City Council is responsible for the deficit that is before us excepting the members who have held over. A Council should not be permitted to allow such a difficulty to arise. If it does, then it is the duty of the people to hold a majestic meeting, look the members of the Council in the eye, and say 'resign.' That is the way these matters should be adjusted. We do not want any bread and milk poultices to treat a difficulty of this kind. This is not the first time we have had to deal with this trouble. Council after Council has defaulted in this way. I know a teacher who last year had to pay $55 out of her salary so that the schools might be kept open. That was five times more than the average tax-payer has to pay. I say that when a City Council compels a teacher to make such a sacrifice it is an outrage and a crying shame. It should make our citizens blush even in the dark.

"It has been said that we should not have the Central High School. Let me say that this school offers one of the most valuable adjuncts to the High School that could be devised. Crude as it is, it is invaluable to our school system. Similar schools in the East have received nothing but praise for the work they have done. It is the duty of the people to compel the Council to support both of these schools. The Council should be compelled to make a permanent solution of the problem and not confront us yearly with this deficit. Members of the police force, firemen and other officials are not compelled to give up part of their salaries to relieve the shortages. When the time comes, they draw full compensation for their services. It is a shame that a small number of teachers should be compelled to bear the brunt when a shortage occurs. I am in sympathy with any movement that will raise funds to keep the schools open until the close of the term."

J. L. Lyon also made a few remarks.

JUDGE YULE.

Judge John Yule suggested that in the event of the subscriptions and the benefits being unsuccessful in raising the amount of money required, the Board of Education could have the teachers finish the term and guarantee to them a rate of their salaries next term sufficient to offset the amounts they lost this term.

O. M. Vesper said that in raising money for church work it had proved very successful to have children assist in securing the funds. He thought the 1,100 pupils of the High school could, if they went to work in a proper way, raise a handsome sum. Immediate returns, he said, were what was needed.

In explanation of why the funds of the city were so short, Superintendent McClymonds said that the assessed valuation of property was $120,000 less than it was ten years ago, notwithstanding the fact that the city had expanded territorially to a large extent. A few years ago, he said, the city was assessed for $80,000,000. The last assessment was $62,000,000. While the assessments had decreased, the expenses in all lines had greatly increased, in some of the departments as much as 50 per cent. In view of the charter provision for a 21 limit tax, it was hard to expect the City Council to promise to pay the full amount required to run the schools a full term, without asking that a deficiency of $10,000 be carried over.

DIRECTOR BUTTON.

Director Fred L. Button said that the necessary funds could easily be raised by the passage of the proposed ordinance to tax bicycles $1 a year and also tax wheels in use in the city. The ordinance, he said, was now pending before the City Council, but was being opposed by some of the owners of wheels.

SOL KAHN.

Sol Kahn said that what was wanted was to raise money immediately. This he believed could be done by personal application to the various business and professional men in the city. He said that he knew the people of the city would rouse up and meet the difficulty, for they would not permit the Pressent on Hill to this city to speak from the steps of a school house that had been allowed to be closed for lack of funds. Kahn's suggestion was received with applause.

Craig's resolution to appeal to the parents and patrons of the schools for subscriptions was then unanimously adopted.

COMMITTEE NAMED.

On motion of Colonel Irish, Judge Yule, J. L. Lyon, Sol Kahn, Fred L. Button and Giles H. Gray were appointed a committee to consider the various ways suggested for raising money and take steps for their execution.

On motion of Judge Yule it was decided that the sense of the meeting was that the schools be kept open, and all present pledge themselves to work for that end. The meeting then adjourned.

The committee on ways and means met after the meeting had adjourned and decided to appoint Mrs. Ada Van Pelt and O. M. Vesper separate sub-committees to arrange benefit entertainments. The committee then arranged to meet this morning in Attorney Button's office to name sub-committees to solicit donations from business and professional men.

BOARD MEETING.

The Board of Education met for a few minutes after the meeting had adjourned and decided to place the drawing up of a request for subscriptions from parents and patrons of the schools in the hands of Superintendent McClymonds and the committee on High schools. For the Kahn wished it to be made plain that all subscriptions from parents would be kept from the public, so that any who were not able to contribute might not be embarrassed.

The Board then adjourned. Its next regular meeting will be held Monday evening.

JUDGE CLIFT STATES POSITION OF SCHOOL BOARD.

"There is a misapprehension as to the nature of the request made by the Board of Education to the teachers of the High and Central Schools," said Judge Frederick C. Clift this morning. "The Board did not throw the responsibility of keeping the schools open upon the teachers. What the Board did was to request the teachers to continue teaching for a few days till it could be ascertained whether some way of keeping the schools open could not be devised. The Board did not request them to teach the remainder of the term without compensation, nor did we propose to throw the responsibility upon their shoulders.

"The High School Fund is exhausted, and there is no money in the city treasury that the Council can give us. Nevertheless we were in hopes that some way of meeting the difficulty could be devised other than closing the schools. We simply asked the teachers to continue till we could see what could be done. The Board does not wish the teachers to serve without pay, neither has it any disposition to place upon them the responsibility of closing or keeping the schools open."

Why a Woman

Is Able to Help Sick Women When Doctors Fail.

How gladly would men fly to woman's aid did they but understand a woman's feelings, trials, sensibilities, and peculiar organic disturbances.

Those things are known only to women, and the aid a man would give is not at his command.

To treat a case properly it is necessary to know all about it, and full information, many times, cannot be given by a woman to her family physician. She cannot bring herself to tell everything, and the physician is

at a constant disadvantage. This is why, for the past twenty-five years, thousands of women have been confiding their troubles to us, and our advice has brought happiness and health to countless women in the U.S.

Mrs. Chappell, of Grant Park, Ill., whose portrait we publish, advises all suffering women to use Lydia E. Pinkham's Vegetable Compound, as it cured her of inflammation of the ovaries and womb; she, therefore, speaks from knowledge, and her experience ought to give others confidence. OAKLAND HARBOR NEWS NOTES.

J. Gauter Is Nearly Drowned at Adams Wharf.

The other day J. Gauter, who is foreman at Glnox & Gay's warehouse, while attempting to get some worms from the piles on Adams' wharf, fell in the water, and only for the timely help of one of his men he would have drowned. Gauter was leaning far over the edge of the wharf in the vain attempt to extract a good specimen, when suddenly his foot slipped and he fell forward into the water. As he fell he screamed loudly for help, and on coming to the surface he yelled until he sank a second time. Antonio Bee, who works in the warehouse, heard the noise and rushed to the scene with a rope, which he threw to the drowning man. Gauter grabbed the rope as he rose to the surface, and was pulled on the wharf, none the worse for the wetting.

DEL NORTE IN PORT.

The Del Norte has arrived in port again and is discharging a cargo of 106,000 feet of redwood at Adams' wharf. The lumber is for the Hogan Company and was shipped from Crescent City.

THREE SISTERS CARRY HAY.

A cargo of 505 bales of hay is being discharged from the schooner Three Sisters at Adams' wharf today. The hay was shipped from Sonoma county and is owned by V. H. Renner of this city.

COAL SHIPMENT.

At C. R. Allen's coal lumbers the three schooners Carrier Dove, Howard and Colonel Baker are discharging coal. The entire consignment consists of 500 tons, and was shipped from Nanaimo.

DISCHARGING LUMBER.

The gasoline schooner Monterey is discharging a cargo of 14,000 feet of pine lumber at Adams' wharf for the E. B. & A. L. Stone Co. The lumber is from Coos Bay.

NEW MAN FOR DICKIE.

A. J. Allen, late of Seattle, is now connected with the Dickie ship yards. Mr. Allen was for some time Chief of Police of Seattle, and later he was chief draughtsman at Moran Brothers' big ship yards of that city.

REPAIRS FOR YACHT TIGRESS.

F. J. Dunn of Dickie's ship yards is having his yacht Tigress put in shape. She is being painted and cleaned, new racing sails are being made and the boat will be put in first class racing order, as the owner proses entering her in the races this season for the Macdonough cup. The boat will contest in the 25-foot class. The Tigress is a trim little yacht and will stand a good chance in the coming races.

ANITAK BEING TESTED.

The finishing touches are being put on the Anitak, the steam schooner which was built by Hay & Wright. Work on the machinery, which is being put in by the United Engineers, will be finished within a few days. Then after the testing and inspection she will be ready to start for Alaska. The Anitak is owned by the Alaska Packers' Association and will be used to carry fish to the different packing houses up north.

TO BE REPAIRED.

As soon as the gasoline schooner Monterey has discharged her lumber she will be run on the ways at Hay & Wright's for a general overhauling and painting. Following the Monterey will come the stern wheel steamer Napa for minor repairs.

DEWEY SCORES ANOTHER SUCCESS.

The production of the "Shadows of a Great City" at the Dewey Theatre last night was a complete success. From a scenic standpoint Manager Stevens has never given a more elaborate presentation to any piece which he has put upon the boards of this theatre. In a histrionic way, the play has been cast so strongly as to evoke most liberal applause at every situation. The play will draw full houses all through the week.

Can't Sleep?

Did you ever have that feeling of oppression, like a weight on your chest, or a load of cobblestones in your stomach, keeping you awake nights with a horrible sensation of anxiety, or tossing restlessly in terrible dreams, that make the cold perspiration break out all over you? That's insomnia, or sleeplessness, and some unfortunates suffer with it night after night, until their reason is in danger and they are on the edge of going mad. The cause of this fearful ailment is in the stomach and bowels, and a Cascaret taken at night will soon bring relief and give the sufferer sweet, refreshing sleep. **Always insist on getting CASCARETS!**

THE MAYOR FOOLISHLY CRITICIZED.

There is manifest in some quarters a disposition to cast blame upon Mayor Barstow on account of the school trouble. This is grossly and palpably unjust. The Mayor is not responsible for the shortage in the school fund, nor has he any power to supply the deficiency. Efforts are being made to tide over the difficulty without closing the schools, and the Mayor suggested that the teachers ought to be willing to continue teaching till the matter could be decided. No one acquainted with Mayor Barstow will for a moment believe that he would do an injustice to the teachers or expected them to serve without compensation. What he meant was that they could afford to wait temporarily while measures were being devised to insure the payment of their salaries. The attempt to construe his remarks as insulting to the teachers or as expressing a desire to have them work without pay is a distortion of the facts and a gross perversion of his views. The Mayor is a just man, kind-hearted and liberal, and he would be the last man to intentionally wound anyone's feelings or to countenance a wrong. Self-constituted champions of the teachers and the schools will not mend matters by gratuitously assailing the Mayor. Nor will the difficulty be obviated by calling names and precipitating a squabble. THE TRIBUNE has stated that the teachers should not be asked to teach without pay, and has condemned the disposition to cast upon them the responsibility of closing or keeping open the schools; nevertheless it is to fair play all round. It will do no harm to be just to all concerned, and the attempt to cast blame upon the Mayor is as senseless as it is unjust. We trust that the schools can be kept open and the teachers paid, but it will not help to that end to bandy hard words or make stupid attacks on Mayor Barstow.

THE PUBLIC SHOULD APPROVE.

The criticisms passed upon President Hays of the Southern Pacific for discontinuing the fast trains on the Coast line appear to be wholly misplaced, and not calculated to encourage common carriers to take proper precautions to protect from the danger of accident. It would seem that Mr. Hays did a wise and proper thing which should be commended and not disapproved. After the Coast line was opened Mr. Hays discovered that the old section between Saugus and Santa Barbara, built many years ago, was not in proper condition for the passage of heavy fast trains. Thereupon he promptly discontinued those trains and ordered that portion of the line to be reconstructed. Surely neither he nor the corporation deserves blame for this; on the other hand, the step appears entirely commendable. A fast and safe service is what the people want, and President Hays has adopted the only means of securing it. Why should fault be found with steps taken to improve the surface and guard against the danger of accidents? If the company persisted in running heavy fast trains over track not adapted to the requirements of such a service it would be blameworthy, and it would be equally culpable if it only gave a slow and inadequate service to save the expense of reconstruction. But it is doing the right thing at the right time. Even if commendation be grudged, certainly condemnation should be withheld. We take it as another evidence that President Hays intends to manage the Southern Pacific system in a way to meet public wants and popular approval.

UTILIZE GOAT ISLAND.

A good many years ago when it was proposed to level Goat Island and make it a railway terminus a great howl went up. Times have changed, however, and if the proposition were now made it is likely that many would favor it. It would be an ideal station, and were the two great systems of transcontinental railways to use it jointly would be a great convenience to the people.

The fact is that there is no objection to the plan from an engineering point of view. Indeed, everything favors such an undertaking, and with any other community such an island would have been utilized long ago. It is true that a torpedo station and training school are now established there, but any place would do for them and they ought not to be considered as of any importance whatever when compared with the value of such a public utility as a joint or "union" depot. The acreage when leveled would be sufficient for all purposes, passenger as well as freight, and the deep water would permit ships to load grain directly from the cars. From the passenger point of view the saving of ten minutes in the trip across the bay would alone pay for the increased taxation and more should the State ever execute the work.

Doubtless there would be some trouble in persuading Congress to give California title to the property, but we have able representatives at Washington, and, once convinced that the people demand the improvement they would overcome all difficulties. At any rate such a superb site ought not to be allowed to go to waste forever and we believe that this fact will be appreciated before many years shall have passed.

It will take the exercise of a good deal of ripe judgment to decide on the details of the President's journey, for every little village on the route he is to traverse wants him to stop off and lay a cornerstone for a new pump or some other local improvement, and he would have to possess forty-mule power to comply with one-tenth of the requests. At the same time he is anxious to keep in touch with the masses of the people, so some of the appeals will have to be granted. The man who arranges that part of the program is to be pitied.

Now that the spring poets and other heralds of advancing summer are having their fling, it might be as well to call attention to the fact that this is the season of the year when a good, old-fashioned house-cleaning is in order. It would be an excellent idea, too, to extend such operations to the city in general, especially so as in a few days the President and thousands of visitors will be in town to see what kind of a [illegible] really is.

WIT AND WISDOM.

There will be more matrimonial complications in this country than any French farce writer ever dreamed of now that the United States Supreme Court has ruled that no "Dakota divorce" ever granted is any good.

You may contend that Bingpinks is a fine fellow, but let me tell you he has a mean streak in his organism." "Why do you think that?" "Yesterday I wanted to borrow his umbrella. You know it was just raining cats and dogs. I suppose you won't believe it, but he actually refused. Said he had got to go out himself and would need it. Such selfishness is disgusting."

Some one has found several precedents for Funston's stratagem in the Bible. For example, in II Chronicles viii, 19-21, "The Lord said, who shall entice Ahab, King of Israel * * * then there came out a spirit and stood before the Lord and said, I will entice him. * * * I will go out and be a lying spirit. * * * and the Lord said, thou shalt entice and thou shalt prevail. Go out and do even so."

IN APRIL.

The warm, moist kiss of April on the grass;
The stooping sun, the wet and fragrant plain;
The voice of life, low-whispered as I pass;
The vision of the summer through the rain;
A thousand thoughts borne outward from the mind,
Laughing at nature, caught and held again
Close to the stirring heart, till, like the grain
In autumn, they are scattered by the wind!
And some may range along the open sky,
And some may fall and live and some may die,
I care not now whether the wanton air
Rid me of flying chaff or sift the seed
Of future promise; or if this, indeed,
My present fancy lead me anywhere.

PHILIPPINE COMMISSION WAS WELL ENTERTAINED ON A FAR WAY ISLAND

Associated Press Dispatch to The Tribune.

BACOLOD, Island of Negros, Philippine Islands, March 21.—The three days' stay of the United States Philippine Commissioners' party at this rather remotely situated capital of a great island has been particularly notable for the various forms of entertainment provided. The people began on the night of arrival with an illuminated procession, remarkable for its beauty and variety. More than a hundred novel and handsome illuminated designs were carried about the plaza and to the home of the Governor, where a reception was held. Next day the feasting began with a banquet, the like of which the Commissioners had never seen before in all their Philippine journeys. It was given at the splendid country home of Anisado Lacson, five miles south of Bacolod, on a sugar plantation five miles in area and said to be productive, in years of good crops, of a profit of upwards of $10,000 annually.

CUBANS ARE SATISFIED WITH THE WAY JUNTA SPENT THE MONEY.

Associated Press Dispatch to The Tribune.

NEW YORK, April 30.—The Cuban delegates visited General Brooke at Governor's Island and were much pleased with their entertainment. When seen at the Fifth-avenue Hotel last night, Senor Capote said:

"There is no truth in the published stories that Cubans found fault with the expenditure of the funds contributed to the Junta in New York. Everything in that direction was most satisfactory.

"The report to be presented to the convention relative to the matters concerning which we conferred with President McKinley and Secretary Root has not been prepared. We are working at it and do not expect to complete it much before our arrival in Havana."

SEATTLE REVENUE OFFICERS SEIZE CHAMPAGNE IN THE RESTAURANTS.

Associated Press Dispatch to The Tribune.

SEATTLE, Wash., April 30.—Under special instructions from David M. Dunn, Collector of Internal Revenue, Special Deputy Mullay of Portland and Deputy Ross of the Seattle office today seized in various hotels, restaurants and saloons in this city upwards of 150 cases of imported champagnes and Rhine wines for alleged violations of the internal revenue laws. The property seized by the officers is valued at between $4,000 and $5,000. The allegation made by them is that the wine was found in the various establishments without having the revenue stamps required under the law.

LAWS OF RUSSIA ARE HARD ON HEBREWS FROM FOREIGN COUNTIES.

Associated Press Dispatch to The Tribune.

WASHINGTON, April 30.—The State Department has received from Embassador Tower at St. Petersburg a translation of the Russian laws relating to the rights of foreigners in that country and the conditions under which Jews are permitted to settle there. Two of the provisions are that natives of Corea and China are prohibited from settling on the frontiers of Russia and that foreign Jews, with the exception of Jews from Central Asia, are not allowed to settle in Russia, nor to become Russians.

IT WAS ONLY A CASE OF MISTAKEN IDENTITY THAT LED TO ARREST.

Associated Press Dispatch to The Tribune.

NEW YORK, April 30.—A dispatch to the Herald from Caracas, Venezuela, says:

The incident relative to the arrest of Ignacio H. Baiz, United States Consular Agent at Barcelona, was closed today. Consul Goldsmith at La Guayra sent to Mr. Russell, the American Charge d'Affaires here, a letter from the Venezuelan Government expressing regret for the occurrence and explaining that it was a case of mistaken identity.

SOCIAL NOTES OF INTEREST.

Mr. and Mrs. Tom Williams Give Informal Luncheon.

This afternoon, Miss Myrtle Hopper, the only daughter of J. W. Hopper, and granddaughter of Thomas Hopper, a millionaire pioneer of Sonoma county, was married at the home of her parents, on Walnut avenue, Santa Rosa, to W. G. Chamberlain. The marriage was witnessed only by the parents of the bride and her grandfather. The announcement of the marriage, greatly to the surprise of the friends of the bride and her family, was made only a short time ago, although it had been expected that when the time for the little lady to marry, the nuptials would be preceded by the declaration of engagement and followed by a church wedding. The young people, however, preferred their own plans.

The groom has held a position of trust for some time with the firm of Wyckoff, Seamans & Benedict of San Francisco and New York. He is a very popular business man and is well known in Oakland. The bride is an accomplished young lady.

The clubhouse at Emeryville yesterday presented an unusually brilliant scene, the occasion being an informal luncheon given by Mr. and Mrs. Thomas H. Williams Jr. to a number of friends, who had been invited to attend the opening of the racing season. The decorations were beautiful, consisting of banners and ribbons, in the Emeryville colors, black and yellow, a profusion of roses adding to the charm of the scene. The luncheon itself was on a most elaborate scale, and served at the convenience or whim of the guests. Among the ladies who enjoyed the hospitality of Mr. and Mrs. Williams were Mrs. Steele, Miss Muriel Steele, Mrs. J. A. Murphy, Mrs. George Gale, Miss Rowena Burns, Miss Clough, Mrs. J. W. Brooks, Mrs. Ed Hackett, Mrs. Garnett Ferguson and Mrs. Eppinger.

The Rev. and Mrs. Charles R. Brown leave for the East next week to be gone several months.

Mr. and Mrs. C. M. Cooke who have returned from Europe and are now in New York, will arrive home May 10.

Miss Grace Sanborn, who has spent the winter visiting Eastern cities, has returned to her home in Fruitvale.

The Monday Afternoon Whist Club met yesterday afternoon at the home of Mrs. Horry Meek in San Leandro.

Rev. E. Graham was recently visiting at Chico.

Miss Ella McKeen has been visiting Miss Geneva Peart of Colusa.

Mrs. T. F. Montgomery of Dunsmuir is visiting friends in Oakland.

Miss Lillian Carson has returned from a visit to Miss Nellie Fairon of Sacramento.

Mrs. M. W. Hall of Oakland has returned from a visit to relatives in Visalia and Tulare.

Mr. and Mrs. T. W. Sigourney are entertaining Miss Madge Rawford of Grass Valley.

News has been received here of the marriage in New Orleans, on April 20th, of Miss Carrie Small, formerly of Oakland, to J. Welsley Gelling. After a wedding trip in Europe Mr. and Mrs. Gelling will reside in Mexico.

Mrs. W. N. Jenkins has returned from a visit to her sister, Mrs. C. E. Trower of Napa.

Charles Garth has returned from Petaluma.

The Misses May and Bertha Young, who have been visiting Mr. and Mrs. Alexander Young Jr., of Denver, left Thursday for New York. They will sail for Europe Tuesday on the Kaiser Wilhelm der Grosse.

Mrs. W. Walter Moody and Miss Edith Lang are visiting the Lierly ranch in Mendocino county for the benefit of Mrs. Moody's health.

Mrs. George B. Davis has gone to Healdsburg to visit her parents, Mr. and Mrs. C. L. Kimball.

Ben Fredericks has been spending some time in Petaluma visiting relatives.

Mrs. Jennie G. Nichols was recently in Salinas.

Miss Carrie Morrison has returned to her home at Santa Clara, after a visit to friends in this city.

Miss Margaret Sinclair of Fruitvale is spending some weeks with her sister, Mrs. Henry Glide Jr., at her home Freeport, on the Sacramento river.

Mrs. Wilson Stockham has returned from a visit to Atlas, Napa county.

Mr. and Mrs. William Gruenhagen are at Paso Robles.

Mrs. M. Scott of Petaluma has been visiting in this city.

Mr. and Mrs. David Smith were recently in Napa.

Mrs. N. Hood, accompanied by her son George, has returned to Petaluma.

Elisha Crouch was recently in Chico.

Ed Royal has returned from a visit to relatives at Santa Rosa.

Miss Anna Peterson has returned to her home in Petaluma, after a visit in this city.

The Misses Mary and Ruth Dunham will visit the Yosemite Valley before leaving for the East in June.

Mr. and Mrs. Louis Titus of Berkeley are at Congress Springs.

An informal tea was given Saturday afternoon by Mrs. Austin N. Walton at her home on Linda Vista Terrace. The color scheme was blue and gold. Among the guests were Miss Harriet Borland, Miss Eva Margeson, Mrs. E. K. Dupont, Miss Ada Trefethen, Miss Mary McCleave, Miss Harriet E. Gibbs, Miss Amy Hachmlen, Miss Florine Brown, Miss Douglas Whitehead, Miss Laura Frank, Mrs. Charles Rowe, Miss Carrie Meewan, Miss Maude Malden and Miss Gertrude McVenn.

An enjoyable luncheon was recently given by Miss Gertrude Ballard at her home in Claremont in honor of Miss Florence Myers of Berkeley, who is to be married to Howard Marmon of Indianapolis on May 8. Covers were laid for Miss Beth Livermore, Miss Lillian Saltonstall, Miss Gabriel Aspland, Miss Hawxhurst, Miss Wilshire, Miss Hathaway, Miss Brainard, Miss Leslie Green, Miss Florence Boone, Miss Carol Day, Miss Tarpas, Miss Nora Thomas, Miss Maine Wilson, Miss Bunnell, Miss Bertha Goodrich, Miss Ruth Kales and Miss Ann McElrath.

RAN FOR HIS LIFE ON THE COUNTY ROAD.

Hans Hanson's small boy got his father into trouble yesterday on the San Leandro road. Young Hanson had been annoying E. L. Blackman, a coal dealer near High street, according to the latter's statement, and received a few reminders that his room was preferable to his company. Hanson the elder claims his son also underwent corporal punishment at the hands of Blackman, and visited the coal dealer to remonstrate with him. There was an altercation, and Blackman, hastily going into his store, reappeared with what the aggrieved parent swears was a murderous-looking pistol. Hanson immediately did some tall sprinting without troubling to look behind him and firmly asseverates that he heard pistol shots. Blackman claimed to Justice Larue that he had done no shooting, neither did he have a revolver. He was released by the court. Hanson has sworn out another complaint, and swears he will see Blackman behind the bars yet.

CALIFORNIA AT BUFFALO FAIR.

Golden State Will Have a Splendid Exhibit at the Big Exposition.

SAN FRANCISCO, April 30.—California is to be represented in a manner befitting the State and worthy its vast producing powers at the Pan American Exposition, to be held in Buffalo. The State Board of Trade and the Southern Pacific Company have combined to present an exhibit that will excite the admiration of all beholders and arouse the pride of Californians. One of its notable features will be a facade with arches, entablatures and balustrades constructed of the various kinds of redwood native to this State. Redwood is purely indigenous to California and is unknown elsewhere. Hence this scrolled and arched facade will be typical of the Golden State and emblematic of its forest productions.

The facade is 25 feet long and 15 feet high. It has already been constructed and forwarded to Buffalo. Over the center arch is the inscription Southern Pacific, and over the arches on each side are the words California Exhibit. Another feature of the Southern Pacific exhibit is large views of the system set in redwood frames and surrounded by scenes typical of California. There are the giant big trees, the Yosemite Valley and other famed spots of the Golden West.

The California Canneries Association has a splendid exhibit composed of fruits, fish, vegetables and meats put up in the most artistic manner. A beautiful redwood arch will be set up over the entrance.

The citrus exhibit will cover the whole range of California productions. The display of preserved fruits will be especially fine, and the citrus exhibit will be a splendid advertisement for the State. In it will be oranges and lemons grown all the way from San Diego to Redding. The Eastern people will be astounded to see the finest oranges and choicest apples grown side by side on trees that ripen in the same garden with lemon trees in bloom.

The California exhibit has been selected and arranged with a view to practical effect, and will undoubtedly be of enormous value in encouraging immigration and extending the demand for our products. Those two objects have been the guiding principle in its collection and arrangement. It will vastly benefit California commercially and industrially.

President Hays of the Southern Pacific takes a deep interest in it, for he recognizes its importance to the State and to his company. He is thoroughly familiar with Buffalo and its tributary region, and has a keen appreciation of what will impress the mass of visitors to the Exposition. He realizes that the people who are worth interesting are the New Englanders, Canadians and the inhabitants of New York, Pennsylvania and other Middle States. These is to be found the great market for our products, and from them is to be drawn the bulk of our enterprising, progressive home-seekers.

To W. H. Mills, Land Agent of the Southern Pacific, and J. A. Filcher, secretary of the State Board of Trade, is due the great meed of praise for the splendid exhibit that California will have at Buffalo. Mr. Mills's experience and sagacity in such matters were superb factors in getting together and properly arranging for effective presentation a collection of products worthy of California and calculated to promote its commerce and future growth. He has had an able and enthusiastic coadjutor in Secretary Filcher of the State Board of Trade. The two have labored together harmoniously and intelligently to enlist public interest in this exhibit, and to secure the active co-operation of the leading producers. They have been very successful, and California will have abundant reason to be proud of the showing the State will make at the Buffalo Exposition.

Mr. Mills will personally take charge of the Southern Pacific exhibit, which of itself is a magnificent advertisement of the matchless resources of the Pacific Coast. Will Mr. Filcher will have charge of the Board of Trade exhibit. Mr. Mills expects to leave for the East on Monday next, but will come back in June. After a short stay he will return to Buffalo to remain till the close of the Exposition.

WHAT WILL IT COST THE CITY?

Oakland Wants Earth From Southern Pacific Co.

The following communication has been mailed to John D. Isaacs, assistant engineer of the Maintenance of Way Department, Southern Pacific Company, by the chairman of the City Council's Park and Boulevard Committee:

"Dear Sir: It being the intention of the Park and Boulevard Committee of the City Council to ask of that body to include in the tax levy appropriation at a sum sufficient to secure the completion of an additional section of the boulevard around Lake Merritt and the improvement of Independence Square and the West Oakland Park etc. near Sixteenth Street Depot, I beg to inquire the lowest price per cubic yard at which the Southern Pacific Company will and take to deliver cars upon the West Oakland Park grounds earth from some cut which earth by the slight admixture of street sweepings would be suitable for immediate cultivation.

"A spur track can easily be run from your main line on to the park site.

"The spreading of the earth over the park grounds could be attended to by the city.

"Trusting that you will give this matter your earnest consideration and requesting the favor of a prompt reply.

Cold Steel Or Death.

"There is but one small chance to save your life, and that is through an operation," was the awful prospect set before Mrs. I. D. Hunt of Lime Ridge, Wis., by her doctor after vainly trying to cure her of a frightful case of stomach trouble and yellow jaundice. He didn't count on the marvelous power of Electric Bitters to cure. Stomach and Liver troubles, but she herself took seven bottles, was wholly cured, avoided surgeon's knife, now weighs more and feels better than ever. It's positively guaranteed to cure Stomach, Liver and Kidney troubles and never disappoints. Price 50c at Dosgood Bros.' Drug Store, cor. Seventh and Broadway.

PEOPLE OF PIEDMONT WALK.

Made Desperate By Delays on the Transit.

As a means of churning and pulverizing the asphalt pavement of this city, the cumbersome rattletrap which the Oakland Transit Company calls cars is a pronounced success.

As a means of remaining on the track however they are lamentable failures.

Yesterday morning at the curve at the corner of Broadway and 14th street one of the monstrosities jumped the track and was pulled back and forth for half an hour in a vain, manner in the attempt to get it back on the rails. In the afternoon there was another scene of the same kind and Friday night there was a third and in an aggravated exhibition of the incapacity of the rails to control the erratic rolling stock.

So frequent and tiresome have these accidents and delays become that Piedmont people now save time and vexation by walking to and from their several places of business.

WALNUT CREEK FARM SOLD.

Place Has Gained a World-Wide Reputation.

WALNUT CREEK, Cal., April 30.—The Oakwood Stock Farm, owned by John F. Boyd, comprising 600 acres near Mount Diablo, has been sold to a syndicate of Montana and Eastern capitalists. This farm has a world-wide reputation for its breeders of trotters and other stock. Some of the finest cattle in the United States have been bred on his farm.

Twenty years ago Dan Cook, the former owner, purchased for $16,000 the Kentucky bred stallion Stanwix, by which has sired such notable animals as W. S. Wood, Diablo, Derby Owyhee and about thirty others. Stanwix is still in good health.

PLAYED $1,650 IN SLOT MACHINE

Why Thilo's Wife Was Appointed His Guardian.

Mrs. C. A. Thilo, wife of the former manager of the Syndicate Breweries of this city, was appointed his guardian yesterday by Judge Dougherty in the Superior Court at Santa Rosa. The application of Mrs. Thilo to be appointed was resisted by Mrs. Ollie Laton, a daughter of Thilo by a former wife, on the ground that her father was a resident of San Francisco and the Santa Rosa court had no jurisdiction over his case. The contention was overruled.

Thilo was formerly a resident of this city. He is the proprietor of the Oberon Concert Hall in San Francisco. Recently, at Cloverdale, where he owns a ranch, he spent $1,650 playing nickel-in-the-slot machines, hiring a boy by the day to work the crank for him. It was this and other strange conduct on his part which led to the appointment of a guardian. Thilo is now an inmate of the German Hospital in San Francisco.

Death of Mrs. Smallman.

Mrs. Smallman, wife of the East Oakland grocer, died last evening at her home. She was 53 years of age and had resided in this city many years. A husband and two children survive her.

BIDS OPEN FOR NEW POSTOFFICE

Contract Is Awarded and Work Will Begin.

Another step has been taken toward providing a postoffice for this city. It was the opening of bids in Washington yesterday for the letting of the contract for the erection of the structure.

The request for bids had attracted quite an amount of attention and in consequence the bidding was spirited although some of the would-be contractors flew a bit too small margin between their offers and the maximum of $200,000 appropriated to pay for the structure.

The lowest bidder was A. L. Barrett of San Francisco whose offer was $153,800. Upon the filing of his bond there is little doubt that the contract will be awarded to him.

Barrett is the contractor for the Public Library Building which is now nearing completion.

The total appropriation for the work and ground was $250,000, but of that sum $50,000 has already been expended in the purchase of the site for the building at the corner of Seventeenth street and Broadway.

The bidders other than Barrett and their proposals were as follows: Lentley Construction Company, San Francisco, $189,951; Congress Construction Company, Chicago, $192,675; Thomas V. Butler, San Francisco, $198,564; Pacific Construction Company, San Francisco, $183,750; Fred Mullens, San Francisco, $166,920; R. A. Gelfers, Chicago, $169,600.

BAR-TENDERS FORM AN ORGANIZATION.

There was a meeting of bartenders in Judge Quinn's court room last night and a union, having the interest of that calling at heart, was organized. Thirty-eight bartenders signed the roll. The next meeting will be held Wednesday night. The officers are W. C. Hunter, president; W. J. Dillon, secretary, and G. W. Kelly treasurer.

Guardian Appointed.

Addie F. Menge has been appointed guardian of the person and estate of Rose Flynn, aged 85 years, with bond fixed at $1,800. Mrs. Flynn's estate consists of about $1,100 in bank and a small cottage on Third and Adeline streets.

FOUNDER'S DAY AT MILLS COLLEGE.

On the 4th of May, Mills College will put on its gala dress, welcome all it old pupils and its friends and with music and song and speechmaking celebrate Dr. Mills' birthday, which is the college is known as founder's day.

This year founder's day is to be eminently a woman's day and prominent among the many distinguished women who will make addresses will be Mary Atkins Lynch, the founder of Benicia Seminary, the first school for women established on this coast. Mrs. Lynch began her work in 1852 and in 1865 Dr. Mills purchased the Benicia property and continued the work there until 1871, when the school was removed to the present location. Mills College is the outgrowth of Benicia Seminary.

Among the speakers at the founder's day exercises will be Mrs. Charles Hopgood of Marysville, an associate of Mrs. Lynch; Mrs. A. Wadham Terrill, Miss Mabel Gray of Oakland, Mrs. Ramon Wilson of Berkeley and Mrs. May Roberts Smith of Palo Alto.

Founder's day exercises will begin at 10:30. Luncheon will follow, after which there will be the annual meeting of the Alumnae Association and a general social time.

DOG POISONER IS AT WORK AGAIN.

Within the past few days a dog poisoner has been abroad in the neighborhood of Fifteenth and Castro streets. Last Sunday morning Queen Bess, a very valuable English setter owned by William Fitzmaurice of 713 Fifteenth street, was found dead. The dog was a fine specimen of its kind, and only a year ago took the Herman Oelrich gold medal at the San Francisco dog show. The owner valued the animal at $500. This morning another dog was found dead.

IMPORTANT TO SUFFERERS
HOW YOU MAY OBTAIN A LASTING CURE FROM PILES.
No Surgical Operation, No Pain, Trifling Expense—A Simple, Harmless Remedy but It Does the Work

There are some people who have piles as regularly and frequently as other people have colds. Any little bowel trouble will bring them on, any extra exertion, as in lifting, will produce them, and in fact will often appear without any apparent provocation. Piles, however, is much more serious than a cold as the tendency is always to grow worse until the trouble becomes deep seated and chronic, or develops into some fatal rectal disease.

While there are many pile remedies which give relief, yet there is but one which not only gives instant relief but at the same time makes a PERMANENT cure, and that is the well known Pyramid Pile Cure.

This remedy is composed of simple, harmless vegetable ingredients, but combine so effectively and act so promptly and thoroughly that it cures every form of piles whether itching, blind, bleeding or protruding. In long standing cases the Pyramid Pile Cure has proven to be the ONLY certain cure except a surgical operation, and its advantages over an operation are many, as it is painless, causes no delay or interference with daily occupation and, last but not least, is cheaper than any surgical operation could possibly be, costing 50 cents a package at any drug store. The cases that the Pyramid Pile Cure will not reach are so few that physicians are doing away with operations for piles and depending on this cheap but effective remedy to accomplish a complete cure, and it never disappoints except in cases beyond the reach of medical skill. The Pyramid Pile Cure is prepared by the Pyramid Drug Co., of Marshall, Mich., and for sale by druggists everywhere at 50 cents per package. Each package contains a treatise on cause and cure of piles, together with testimonials from every section of this country.

HOME RULERS AT HONOLULU.

Cannot Agree on a Slate of Appointments.

HONOLULU, T. H., April 23, via San Francisco, April 30.—Owing to the danger of importing smallpox from the mainland, the Honolulu Board of Health has decided to fumigate all mails coming here by steamer from San Francisco. Until the health reports from Washington show a different state of affairs in many States as regards the disease it is the intention of the board to have all mails fumigated for at least four hours.

The rule resulted today in a strange contradiction of quarantine rules. When the transport Logan arrived from San Francisco she had a clean bill of health and was therefore passed by the federal authorities. Hundreds of her soldiers came ashore and strolled about Honolulu, while the mail was being fumigated.

The steamship Zealandia arrived here on the 21st with 850 Porto Rican immigrants on board. During the trip six infants died and were buried at sea. The Porto Ricans were placed on island steamers and sent to various plantations.

KILPATRICK AT HONOLULU.

The transport Kilpatrick, which came here from San Francisco with smallpox, sailed for the Philippines on the 22d. She left behind thirty-three soldiers suffering with measles and two who were afflicted with smallpox, all of them being now on Quarantine Island here. It was charged that while here a number of officers of the Kilpatrick violated the quarantine rules by coming ashore at night in a launch, said to have taken them to Waikiki Beach. The vessel left before investigation of the charge.

COUNTY GOVERNMENT ACT.

The House of Representatives has passed the county government act and the law to provide for an income tax. The latter assesses two per cent on all over $1,000 on the income of every person or corporation. The two bills have now gone to the Senate, where it is stated there are many amendments in prospect, and the passage of the county government act is doubtful.

GOVERNOR'S APPOINTMENTS.

The Senate has again postponed consideration of the Governor's appointments. The Home Rulers are holding many caucuses to consider various lists of officials as they would have them, but they have not been able to agree upon a slate. They will carry a refusal to confirm several of the Governor's nominees, but the matter has now been postponed till the fifty-fifth day of the session.

JOINT SESSION.

The joint session held on the 23d, for the purpose of selecting Senators who are to hold over for four years, resulted in a defeat for the Home Rule party, except as it is affiliated with the Republicans. The Republicans and Home Rulers who voted with them carried a motion to adjourn the session till the fifty-eighth day of the legislative session, by a vote of 21 to 13, against a hard fight by the pure Home Rulers, whose party seems to have disintegrated.

The lower house has adopted a memorial to Congress asking that a commission be sent here to investigate the public lands question and protesting against repeal of the clause in the organic act which prohibits any corporation from holding or acquiring more than 1,000 acres of land.

NEW LAWS MADE FOR PLUMBERS.

City Council Plans to Have Ordinance Amended.

For more than two long hours the City Council, in Committee of the Whole, last night wrestled with the proposed new plumbing ordinance.

Councilman Dornin presided and the entire Council was present.

It was decided to take up only those sections of the ordinance to be amended.

M. J. Mitchell and J. H. Bonham, representing the master plumbers, asked that Section 11 be so amended that it will not be required to substitute cast iron pipe for ironstone sewer pipe where the latter is in good condition, and where a property owner has built an annex to his house.

Deputy Sanitary Inspector Gemmel stated that in many cases of typhoid fever he had found that the trouble was from leaky ironstone sewer pipes under houses. He considered cast iron pipes only a little more expensive and the only proper sanitary system.

Health Officer Todd said that the question of sanitary plumbing had been gone over very carefully by the Health Board, and the proposed new ordinance meets with that Board's approval. It is the only one that the Board would recommend. He was not authorized nor able to make reply to any specific section of the ordinance.

Mr. Schaffer asked whether the master plumbers had submitted an amended ordinance. City Clerk Church replied that he would first read the ordinance prepared by the Health Board and afterward amendments offered by the plumbers.

Mr. Schaffer stated he believed the Council ought to be very careful in making changes. He thought covered pipes ought to be of the best material, because it is not an easy matter to detect any damage or defects. As to pipes out of the ground, it is a different matter. The defects in these are easily discernable.

Councilman Fitzgerald vehemently urged cast iron pipes where they are to be underground, ironstone pipes get out of order, leak and cause sickness, he remarked.

Mr. Wixson thought ironstone pipe is the best if properly laid, because cast iron pipes corrode and rust away. Mr. Bon expressed himself likewise in favor of ironstone pipe.

Mr. Courtney said he regarded the Health Board ordinance rather unfair to some people. He thought ironstone pipe is all right. "Such sewers are generally inspected, and that's what inspectors are for," he said. He moved the adoption of the amendment suggested by the master plumbers.

Mr. Bishop called attention to the fact of additional expense for reprinting the amendments.

On roll call all except Fitzgerald voted aye.

Section 12 was next taken up. It refers to running vent pipes up to the peak of the roof of houses. Master Plumber Mitchell urged an amendment requiring such vent pipes to run no higher than two feet above the highest window near such pipe. Mr. Mitchell cited authorities to show that there are less germs of disease in sewer air than in the streets above the sewers.

Mr. Fitzgerald stated that he had always regarded sewer gas dangerous, and he believed the vent pipes should run to the peaks of roofs.

Mr. Mitchell went on to cite further authorities who appeared to do away with all traps, hoppers and vent pipes, but Mr. Mitchell frankly admitted that as a plumber he could scarcely favor that.

On motion of Mr. Wixson this plumber's amendment was also adopted.

Section 14 as offered by the Health Board requires that vent pipes be filled with water to the top in testing. This is done to give additional pressure on the pipes being tested below. The master plumbers asked that this be so changed that the pipes be filled only to the highest fixture. On motion of Wixson, the amendment as offered by the plumbers was rejected.

Section 15 related to Y branches in vent pipes. The plumbers urged adoption of T branches, and the change was so made.

The plumbers wanted Section 17 so amended that porch hoppers, where there is a drop of ten feet, be allowed, without bell hoppers being required. This also was adopted.

Section 19 the plumbers wanted so amended that the peppermint test be allowed for testing old work. The water test is considered a matter of inconvenience to tenants, while with the peppermint test the fixtures can be used at once. In this the plumbers were again favored.

Section 20, as amended by suggestion of the plumbers, allows the use of old fixtures in moved houses, where such fixtures are in good condition.

Section 23 provides that in case of inspections plumbers must give inspectors 24 hours notice, and for every unnecessary visit of the inspector the plumber notifying the inspector must pay $1 into the health fund. The plumbers wanted the $1 fine eliminated and it was so amended.

The ordinance as amended was then recommended to the Council to be passed to print, not until after July 1st. The delay is caused by reason of the deficiency in the city treasury, the cost of printing the ordinance being several hundred dollars.

The Council then adjourned.

Oh, Those Poles!

What do they mean?

Why, more electricity for you. Are you ready? Now is the time to prepare. Prices of labor are going higher. All work before July 1st can be done cheaper. We wire anything. Also motors of every size and purpose. The Electric Supply Co., J. H. Lawrence 526 Eleventh street. Phone black 1078.

POLL TAX NOTICE.

Oakland, February 27, 1901.

Notice is hereby given that the State Poll Tax of two dollars for the year 1901 is now due and payable at my office, room one, Court House, or to a Deputy Assessor.

Sec 3,839 of the Political Code reads as follows:

Every male inhabitant of the State over twenty-one and under sixty years of age, except paupers, insane persons and Indians, must annually pay a Poll Tax of two dollars, provided the same be paid between the

FIRST MONDAY IN MARCH AND THE FIRST MONDAY IN JULY.

Then it shall be three dollars.

Sec 3,846 of the Political Code makes it the duty of the Assessor to "Demand Poll Tax of every person liable therefor, and on the neglect or refusal of such person to pay, he must collect by seizure and sale of any personal property owned by such person"

Under Sections 420 to 433 every person who refuses to give his own name or the name of any person in his employ, or who in any manner obstructs the Assessor or any of his deputies in the collection of the State Poll Tax, is guilty of a misdemeanor, and liable to a fine of $500 or imprisonment in the County Jail, or both such fine and imprisonment.

Only those persons under twenty-one or over sixty years of age are exempt. Poll tax must be paid on demand

HENRY P. DALTON,

Assessor of Alameda County.

Oakland, California.

OFFICE OF THE

Assessor of Alameda County

NOTICE TO TAXPAYERS.

Oakland, February 28th, 1901.

All Persons, Firms, Companies, Corporations and Associations are required to deliver at the Assessor's office, at the Court House, City of Oakland, County of Alameda, on or before April 1st, 1901, a statement under oath of all the property, both real and personal, owned or claimed by him, her or them, or in their possession or held in trust for others, at 12 o'clock meridian on the

FIRST MONDAY OF MARCH 1901.

In accordance with Sec. 3,629, Political Code.

Every person who refuses or neglects to furnish the statement as provided for in Section 3,629, Political Code, becomes liable to a fine of one hundred dollars and the value fixed by the Assessor on their property must not be reduced by the Board of Equalization.

All persons owning real estate that has been assessed in the wrong name, or errors have appeared on their tax bills, are requested to call at the Assessor's office or notify the Assessor by mail on or before April 1st, 1901, so that the proper corrections may be made on the assessment roll for the year 1901.

ASSESSMENT BLANKS may be obtained at the Assessor's office room one, Court House, or from any Deputy Assessor.

HARD DEAL FOR PROF. PUTZKER. U. C. STUDENTS HAVE THEIR FUN.

Say Some Hard Things About Men at College.

News Notes From the City of Berkeley.

BERKELEY, April 30.—The student body of the University is anxiously awaiting the appearance of the "Blue and Gold," the college journal. The book is the largest annual ever issued at the University, and contains several new features. The front piece is a portrait of Professor George Davidson, to whom the book is dedicated. The first article in the book was written by Frederick Allen, '02, upon the past, present and future of the University. In an entertaining style it gives all the important facts in the growth of the institution.

Special attention has been devoted to the class pictures. The photographs are reproduced separately, and the autograph of each member of the class is reproduced.

The college year has been treated fully. There are accounts of the various public days, with photographs, and extended accounts of the proceedings of the various college organizations. Athletics and debating are treated at considerable length, and the articles are accompanied by individual photographs of the members of the football, track, baseball, tennis and debating teams.

The Josh department was edited by Alexander Adler, and is fully up to the standard. There are Joshes on the instructors, the students and others connected with the University. These are accompanied by various sketches and cartoons by Ray Carter and other college artists.

One of the best Joshes in the publication, and one in which General Shafter is hit hard, is that on the Alumni Commissioned Officers' banquet.

Prominent among those lampooned is Professor Albin Putzker of the German department. He is represented in grotesque costumes of many nationalities. Beneath the drawings is one of his quotations:

"A man is as many times a man as he speaks lankwidges."

BERKELEY, April 30.—The cast for the class day extravaganza of the graduating class of the University of California has been selected.

Only a portion of the graduates will be in the play; the rest will occupy reserved seats near the stage. The exercises will be held in Wood's amphitheater on the afternoon of May 9.

The young ladies will meet for first rehearsal Wednesday afternoon at 2 o'clock in Stiles Hall. They are the following named:

Miss Helen Arents, Miss Lizzie Arbuckle, Miss Lucile Bailey, Miss Florence Barnard, Miss Jessie Bohall, Miss Vivian Bryan, Miss Ella Bunnell, Miss Cora Campbell, Miss Adrienne Cerf, Miss Antoinette Chevret, Miss Blanche Clarke, Miss Pearl Cox, Miss Josephine Devlin, Miss May Doepker, Miss Rita Beaty, Miss Caribel Ensign, Miss Tillie Forderer, Miss Maude Fraser, Miss Estelle Gracier, Miss Elizabeth Green, Miss Margaret Hill, Miss Catherine Hirzel, Miss Harriet Hop, Miss Florence Hoyt, Miss Martha Hume, Miss Hattie Jacobs, Miss May Johnson, Miss Almira Kelshaw, Miss Edith Kendall, Miss Katherine Layne, Miss Elizabeth Lehe, Miss Ethel Marston Miss Martha McDill Miss Margaret McLead, Miss Florence Montgomery, Miss Ruby Morse, Miss Minna Nelson, Miss Clara Piper, Miss Eva Powell, Miss Evelyn Rutledge, Miss Grace Robbins, Miss Evangeline Sale, Miss Elizabeth Scupham, Miss Fanny Strong, Miss Edith Thatcher, Miss Helena Thomas, Miss Margaret Trolli, Miss Amy Van Deering, Miss Annie White, Miss Louise Whitehead, Miss Marian Wilbur and Miss Alice Wright.

The following named men will take part:

J. W. S. Butler, Richard Tully, M. H. Schwartz, J. B. Southard, T. P. Bayer, F. G. Goodenow, J. H. Steinhart, L. E. Carpenter, W. B. Greeley, N. Didion, J. C. Blair, Paul Sinsheimer, G. O. Brehm, F. E. Howard, D. A. Gorrenker, B. A. Hammond, E. W. Alexander, J. O. Osburn.

Graduation Exercises.

BERKELEY, April 30.—Graduation exercises at the Institute for the Deaf, Dumb and Blind will be held on June 11th.

The children will leave for their homes on the following day.

The graduation exercises will be held as usual in the chapel during the afternoon.

Class Day Committee.

BERKELEY, April 30.—Most all of the fraternities will keep open house Class Day and the customary crowd will be entertained.

SMALL POX IS NOT WANTED.

A gentleman giving the name of Beale called on Mayor Barstow today and registered a protest in behalf of the Adeline Improvement Club against the Board of Health sending any more smallpox cases to the house known as 828 Campbell street.

In that house three cases of smallpox have recently been quarantined, two of these being residents of the place, the third one having been sent there by the Board of Health.

The Mayor said that it was not the intention of the city to make the house in question a pest house. The third case had been sent there to save expense, because if there was a separate place provided for each patient in the city it would require the payment of $10 a day for a night and a day shift of watchmen to maintain the quarantine, as also an additional expense for nurses, whereas these could be avoided by the plan complained of.

The Mayor said he will have the matter attended to.

FINE RAIN FOR LIVERMORE

Prosperous Year is Promised in the Country.

LIVERMORE, April 30.—The rainfall for the storm up to this morning was over an inch and a half, making the total for the season about 17.50, while for the same period last year it was 11.83. Very little hay has been cut in the valley. The benefit to late-sown grain and vineyards is great and Livermore valley is on the eve of a more prosperous season.

PERSONAL.

Mrs. Dr. J. K. Warner returned last evening from a visit to the city.

CREAM SHIPPED.

Large quantities of Livermore cream is shipped to Oakland and Alameda daily.

NINE TEACHERS.

Nine teachers are now employed in the public school and four in the High school.

BUNCO MEN LEASE GROUNDS.

FRUITVALE, April 30.—Mrs. Anna J. Irwin, daughter of Mrs. Laura Albrecht, has departed for the British Isles, where she will visit relatives in Ireland. She expects to travel in Europe during the next two years.

BUNCO GAMES.

The skin games run by the bunco men at Upper Fruitvale have re-opened and business in their particular lines is jumping right along with the grafters. They have leased the premises wherein they are holding forth and seem to consider themselves unassailable on any point of law.

FIRE CART IS NOT A SUCCESS.

Pleasanton People are Dissatisfied With a Purchase.

PLEASANTON, April 30.—At the last meeting of the town trustees James Coughlin was appointed to the position of engineer for the water works at $50 per month and the night watchman, L. M. Lyster was dispensed with for the present on account of lack of funds.

The street and building committees reported that Pleasanton avenue had been graded. The street superintendent reported that the bridge near the railroad at the foot of Main street had been temporarily repaired.

An application for a liquor license for Frank De Freitas was received and placed on file.

Hose Cart No. 2, which was purchased from the New York Packing Company, has been tested and has proved very unsatisfactory. It does not come up to the requirements of the department. The chief of the fire department says the frame work and wheels are entirely too light and weak to carry the weight of the hose, and stand the strain of the work that must necessarily be put upon it, and furthermore there is no place on the cart to carry lights or a bell, and no handholds on the pole which will be necessary. The chief says after six months' use the cart will be a total wreck. He recommended that it be returned to the firm from whom it was purchased and another one procured instead.

ALAMEDA TRUSTEES HOLD MEETING. HAYWARDS MAN GETS A SHOCK.

Drug Clerk Has Hard Time Escaping From a Woman.

Oakland Merchants are Heard—Policeman Dropped.

HAYWARDS, April 30.—J. F. S. Brandon has purchased the John Booker property on B street near Third, and will commence the construction of a handsome six room residence in the near future. Plans for the dwelling have been already prepared.

Occasional light showers have been baptizing the thirsty earth, though the rain proper seems to have ceased. The tardiness of the elements in carrying out their part of the irrigation contract has lost the growers thousands of dollars. If the rain had occurred a month or so ago, before the frosts which almost entirely destroyed the cherry crop, this year would no doubt have been one of the most prosperous this section has ever experienced. As it is, however, the rain can do no harm and will very materially aid the later fruits, besides saving the grain, which seemed doomed to destruction.

NEWS NOTES.

The Supreme Council of S. P. R. S. I will picnic at San Lorenzo Grove next Sunday. Victor's band will discourse Terpsichorean strains and a gay time is anticipated.

FEARED A WOMAN.

A woman who seems to be somewhat demented caused a little excitement in Charles Garretson's store Saturday last. She entered the store in a precipitate manner, and, advancing toward the unsuspecting Garretson, fixed him with a withering finger and exclaimed in dramatic tones: "You are the man who has wrecked my life! Just let me get at you!" and more to the same effect. He immediately found his counters available as intrenchments and was observing before the accusing damsel when her father entered and prevailed on her to turn her attentions elsewhere. Garretson took some time to recover from the shock.

PERSONAL.

Captain R. McDonnell, who was removed to St. Luke's Hospital a short while ago, is reported very seriously ill.

Miss Anna Kerr of San Francisco has been spending a few days with Miss Nora Stanton.

ORATORICAL CONTEST.

The young people of the Presbyterian Church will hold an oratorical contest at the church on Tuesday evening, May 7th. Active preparations are being made, and the affair will undoubtedly prove a success.

JOS. HUME'S WILL FILED IN COURT.

The will of Joseph Hume, who died at his home in Berkeley, has been filed for probate. Hume was a wealthy salmon packer.

The document devises property worth $105,000. Sarah H. R. Hume, the widow, and Herbert Hume, a son, are named as the executors; but only the widow petitioned for the admission of the will to probate, the son being absent in Alaska.

Hume possessed 1,107 shares of stock in the Hume Packing Company, 12,500 shares of stock in the Esperanza Gold Mining Company, and a magnificent residence in Berkeley on Dwight Way near Shattuck avenue, valued at $30,000. The stock in the two companies is valued at $75,000.

The will disposes of the estate as follows:

"To three sons, Joseph W. Hume, Herbert Hume and John S. Hume, and to two daughters, Florence Lutie Hume and Grace Alice Hume, the stock of the Hume Packing Company, with the provision that the sons, as trustees, shall hold and control the interests of the two daughters; to the widow all the interests in the Esperanza Gold Mining Company; to the widow and children, all the promissory notes held against the Salmon Packing Company, of a total value of $10,000."

The widow was the packer's second wife, and only 25 years of age. To her and her children will go the money from the sale of the residence in Berkeley, which the will specifies must be sold as soon as possible.

There is a provision that the collection of the notes against the firm of Hume Packing Company shall not be pressed as long as one of the sons of Joseph Hume exercises a controlling interest in the concern.

KILLED IN A TUNNEL NEAR RICHMOND.

August Beaton, also known as A. B. Smith, while walking through a tunnel near Richmond, last evening, was run down and killed by a passenger train. Beaton was employed as a blacksmith with the Santa Fe. His folks reside at Glengarry, Canada. Papers found on him indicate him to be a member of a Masonic Lodge at Logansport, Ind.

Burglars are Reticent

The preliminary examination of Long, Wright and McDonald, the three burglars captured by Policemen Andrews and Cockerton, has been set for May 2 in the Police Court. The trio is still reticent.

ALAMEDA, April 30.—At the meeting of the Board of Trustees last evening the trouble of the Library Board was brought to a close. After the reading of the minutes, the Library question was brought up. City Attorney Simpson said the former action of the Trustees should be rescinded, and all the members of the Library Board be appointed by the President and voted upon by the members. The advice of the City Attorney was carried out, and Mrs. I. N. Chapman, together with the former members of the Board, were re-elected in a way that will put to flight any more questions of legality. Great applause followed the reappointment of Mrs. Chapman, who was present, together with a number of the ladies of the Political Equality Society.

Following the Library matter the Police Department was brought up. A list of the officers was read which included one new man in the place of W. Gunn. All the other officers were re-elected. The new man on the force is Wm. Wahmuth.

F. W. Fry, who is attorney for the Merchants' Exchange of Oakland, then spoke on the old matter pertaining to the wagon license. He said the Superior Court had declared that the ordinance pertaining to wagon license did not apply to merchants peddling their goods in their own delivery wagons. He said the ordinance applied to only those whose business it was to deliver goods. All the Oakland merchants want'd was that they be allowed to deliver goods in Alameda without having to pay a license, the same as the Alameda merchants were allowed to do in Oakland. At this juncture J. H. Bruns of this city jumped up and told of how he had been compelled to pay a license of $6 for the privilege of hauling coal purchased in Oakland to his place of business in Alameda. Mr. Fry explained that the ordinance had been rescinded and the Alameda merchants could now come with their wagons to Oakland without paying a license and that the same privilege should be granted the Oakland merchants in Alameda, following with a remark that it was illegal to make a merchant pay a license for a wagon which is used for the purpose of delivering goods from his store.

A Trustee replied, saying that a small license was asked by the city of Alameda from merchants for each wagon used by them for the purpose of delivering goods over the excellent roads of the city. None had objected to the license, so long as the roads were good, and finished with the remark that it was worth the amount asked to drive over the beautiful and well preserved streets of Alameda, which was more than certain neighboring cities could boast of. The question of good streets put an end to further argument on the subject, and the matter was referred to the License Committee.

A communication was then read by Clerk Gillogly from the Political Equality Club, thanking the Board for the favors conferred upon the ladies by placing members of their society upon both the Board of Health and Library Board.

There being no further business to come before the Board, the meeting adjourned.

Other People's Club.

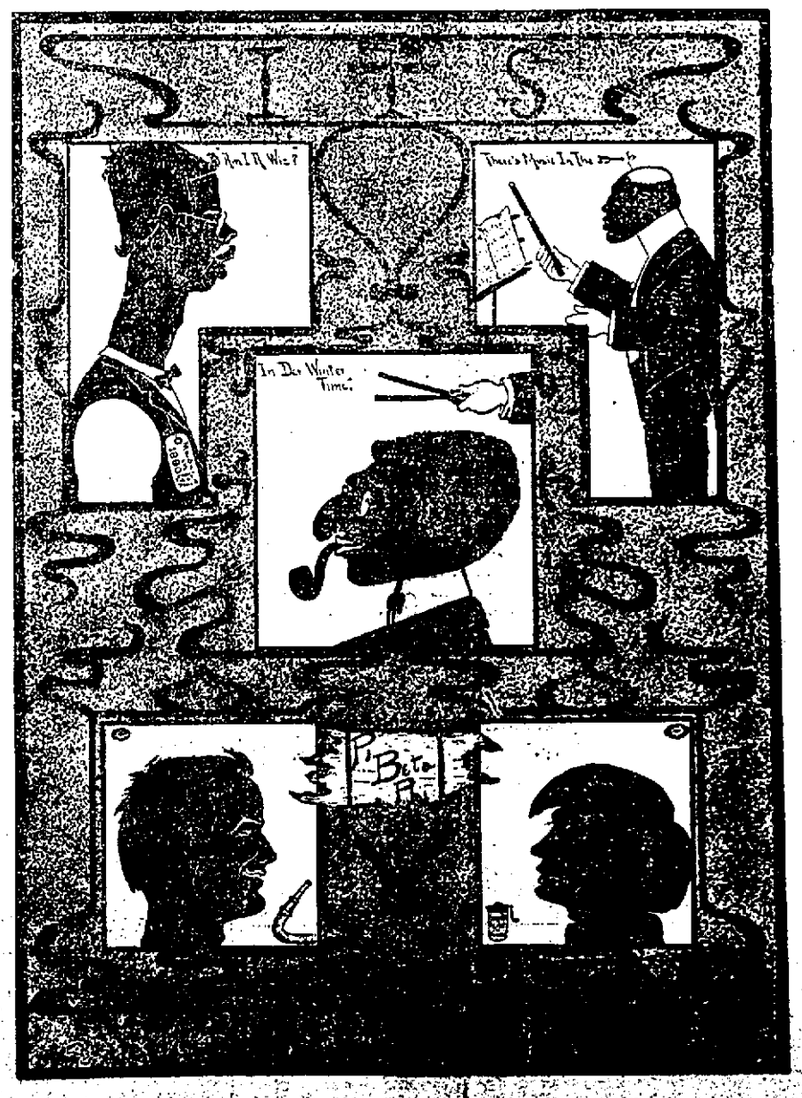

ALAMEDA, April 30.—Last evening the Other People's Club met at the home of Mrs. Fowler on San Jose avenue. During the evening a story by Mrs. Ida Wilson was read and criticised by the members present. The subject of the story was: "A Knight of the Sage Brush." Mr. McNab of San Francisco then read a story of his own composition, which was followed by refreshments. The meeting was the last one of the season.

Alameda Merchants.

ALAMEDA, April 30.—The Alameda Merchants' Association is a new organization, furthered by enterprising business men of Park street. The object of the association primarily is to keep trade at home, but work will be done in advertising the city throughout the East.

FINE OPPORTUNITY TO GET A HOME.

This city may well be proud of the evidences of solid commercial development which were presented in the recent report of the Oakland Board of Trade. Many thousands of people who five years ago could not find employment here have been added to the wage earners of this city and this means that thousands of new homes have had to be created for them. At the present time it is not an easy matter to find homes for rent in this city. And now the opportunity occurs to obtain a home for what would be the original rental of one and there is do doubt that it will be eagerly grasped. Just such an opportunity can be found at the auction sale of property not only in Oakland, but in East Oakland, Berkeley, Fruitvale, Elmhurst and Alameda, which has been announced by the Laymance Real Estate Company to take place Saturday, May 4th. All of these homes and home sites are clearly defined and located in a circular prepared by the Laymance Company which can be obtained by application and which cannot fail to interest everybody who is happy enough to live in a home.
